Committed to Excellence in Pet Care

If you're like most pet lovers, you hate leaving your pets in unfamiliar surroundings when you travel. You can arrange for friends and neighbors to take care of your pets at home, but often, they're too busy, and you don't like to impose.

Our service provides your pet(s) the care he or she needs while you're away – right in your own home.

Our family truly loves animals. With us, you are assured reliable and responsible service.

Your pets will:

- 🐾 stay in a secure, familiar environment
- 🐾 follow their customary routine and diet
- 🐾 avoid exposure to illness from other pets
- 🐾 receive loving individual attention

You can leave home with peace of mind knowing that you've left your home and your pet(s) in our loving capable hands.

How Our Service Works

When you call our company, a family member arranges a visit to your home shortly before you leave to:

- 🐾 meet you and your pets
- 🐾 get detailed information about caring for them
- 🐾 pick up a key to your home

During this visit, we discuss how often you want your sitter to visit each day you're away and what services you want performed. Fees are based on the number and type of pets and number of visits.

While you're away, we will:

- 🐾 feed and water your pet(s)
- 🐾 play with your pet(s)
- 🐾 give medicine, vitamins, shots, and other special care
- 🐾 get medical treatment in case of illness
- 🐾 monitor your home to detect and report problems (i.e.. heat, ac, flood)

And while taking care of your pet(s), we are happy to water your plants and make your home look "lived in" by bringing in mail and newspapers and adjusting draperies and lights.

After you return, your sitter will check in with you, and make sure you and your pets are satisfied. If we cannot contact you on your planned return time we will continue making visits.

Your pet(s) are some of the most precious possessions you have in all the world. When you leave (whether on emergency or pleasure), the last thing you need or want weighing upon your mind is what's happening at home.

We specialize in only one thing...taking good care of your pet(s) while you are away, by visiting and playing with them one or more times a day.

Call **248-588-1488** today for a personal interview with you and your pets to discuss our services. There is no obligation, of course.
